

**POSITION:** Volunteer Classroom Educator & International Ambassador

**LOCATION:** Cofradia, Cortés, Honduras

**TIME COMMITMENT:** July 2023 - June 2024

**ABOUT BECA:** BECA exists to **provide quality, affordable bilingual education** to the educationally disenfranchised **while fostering meaningful cultural exchange**. BECA's model is more than an international teaching program; we distinguish ourselves by the **breadth and depth of our community engagement**, our **dedication to fostering long-term relationships with our communities**, and our **commitment to ensuring that our BECA teachers are trained and supported to unleash the amazing potential of their students** and to learn from them and their families. In the 2016-17 school year, one of our long-time dreams came true - we hired a BECA graduate as a teacher! Now, half of our teaching team at each school is made up of BECA graduates, and the other half is international volunteers.

**POSITION DESCRIPTION:** BECA invites ~12 international volunteers to join our volunteer teaching team each year, supporting both elementary and middle school students at 2 local schools, San Jeronimo Bilingual School and Santa Monica Bilingual School. At a high level, each volunteer teacher is responsible for: **leading an English curriculum for students in grades PreK-9 in ELA, Science, Math, Art, PE and Computers** (*all classes are capped at 25 students, and most teachers take on one full curriculum for a grade level*) **supporting fellow teachers** in the classroom, **getting to know your students and their families**, and **immersing oneself in Honduran culture**. Don't worry - we'll be there to support you with every step along the way!

Prior to arrival, international volunteers will have 2-3 virtual onboarding calls to prepare for their time in-country. Our international team arrives in-country in June 2023, and are placed in a homestay with a local family upon arriving in Honduras before moving into BECA housing. The initial weeks in-country are spent embarking on a summer-long training program that teaches you: the BECA curriculum, classroom management, and so much more. Once the school year begins, BECA teachers receive ongoing professional development and training throughout the academic year.
